

Not sure if this is a deal breaker for ya?

But I won't be CLOGGING up your calendar with a bunch of "coaching calls" or giving you a LIBRARY OF VIDEOS to watch...

I'd rather us just knock this out over a weekend that way you leave with a TO-DONE LIST instead of just another list of To-do's

Here's the breakdown!

Over a 2-day weekend a small group of us will put in place all the pieces necessary for you to sell out your high-ticket offer in a single day

(The ultimate goal is to sell \$100K or more; but selling even \$50k in a day never hurt anyone's feelings 😊)

You'll do this by hosting your very own live event. It can be a virtual event via Zoom or an in-person event

This event does **NOT** need to be fancy and you don't need to have 100s of people there to make it rain like a hurricane...

As a matter-of-fact last client, that did this had less than 30 people attending the event but that didn't stop him from doing **over \$75,000 in sales in a single day** 🍷🍾🍹

Best part is since I've already got a **scientifically backed** sales presentation framework you can literally take the framework then just swap your offer in place instead

(figured I'd just hand you the exact same presentation formula that is responsible for **generating my \$315,000/day** that way you could get results sooner rather than later 😊)

Now if you want to jump on sales calls with folks that's great but...

I specifically designed this live event sales framework to get attendees to buy **WITHOUT needing a sales call** 🧑📞

That way once your event ends you can sit back, **watch the stripe payments roll in** then start onboarding your new clients immediately!

>>> Are There Any Bonuses? <<<

There are!

Worried about filling the event 🤔? I've got you covered there too!

We've had great success having attendees **pay an average of \$197/ticket...** just to be at events

(Which means even with a TINY event of only 25 people you'd be able to **stuff your pockets with \$5,000 or more** in ticket sales **BEFORE** you ever make your offer 🤪)

The secret is something I call a '**Sneak Peek Trailer** 👁️'

Just like the premier of any good movie 🎬🏠 ...

Nothing gets people more excited to attend your live event than a '**Sneak Peek Trailer**'

I'll show you how to host pop up "sneak peek" Zooms where prospects can get a taste of what your live event is gonna be like and at the end of the sneak peek they'll have the opportunity to buy their ticket 🎫

These **Sneak Peek Trailers** are a blast, and make you look like an absolute rockstar!

(best part...you get paid BEFORE your event ever even starts when you use these)

You might like high-pressure sales tactics; but if not, this next bonus might really excite ya

Because as an additional bonus I'm also going to be teaching you my **8 highest converting, no pressure sales pitches** to use at the end of your event to get the most sales!

If you've read the info above and are ready to have your first 6-Figure Day using live events just reply back...

"I'M IN!"

Then I'll get you set up. First come... first served.

I am limiting this so I can give you the personal attention you need.

The full investment for the 6-Figure Day Intensive is just one payment of \$7,500.

You don't have to pay all of that right now BUT you do need to put down a \$2,000 deposit to lock-in your spot as one of the 25 people I'm accepting

>>> Wanna Pay As You Profit? <<<

You also have the benefit of enrolling now and securing your seat using my Pay-As-You-Profit Plan.

It works like this:

You pay just \$5,000 to start and then \$6K **AFTER** you put your first \$20,000 in the bank using my Live Event Sales Framework...

...most of my students make that back in their first event if they've got a \$2,000 offer.

You would be on the honor system, and I trust you'd be ecstatic to send me the \$6K balance **AFTER** you deposit \$20,000 or more in your bank account.

>>> Bonus Brass Balls Guarantee <<<

I believe in earning my keep and keeping my promises to people.

I'll work with you until you've generated at least \$20,000 no matter how long it takes **AS LONG AS** you are implementing my live event sales framework.

In other words, you can't take no action and come back 7 years from now and ask me to work with you.

But, come in, apply the framework, if we don't hit your \$20,000 on your first run, I'm happy to help you dial in your offer or troubleshoot - whatever it takes until you do hit at least \$20,000.

Then, you'll have the **SKILL** and **ABILITY** to create cash flow at will from any offer.

How's that sound?
